System Requirements:

- Requires DirectX 11 - 64-bit operating systems are required - Windows 7 64-bit or newer IMPORTANT: This mod is NOT compatible with the Dawnguard DLC. To play the Dawnguard DLC you must use the Dawnguard Game Launcher and launch the Dawnguard DLC manually. I don't want to have a Steam Controller gamepad with the SA:T in its current state. A controller is too intrusive into the gameplay. Source:
